

**Lora Weishaar, Vice President, Controller and Assistant Trust Officer—Main Bank**

*“I find my job to be very rewarding in that it allows me to apply the education I received, yet continually challenges me and allows me to grow professionally doing what I love. While my daily duties do not put me in direct contact with customers on a routine basis, I enjoy every opportunity to see and/or speak with a customer and try to put a smile on his or her face. I also feel blessed to be surrounded by so many colleagues who embrace and encourage the same principles I value as being important to serving others.”*

Lora began her employment with Exchange as an Accounting Intern and as an Assistant to the Chief Financial Officer in 2000. She also served as a teller and receptionist, using experience previously gained while employed part-time at the former Valley State Bank in Atchison. Immediately following graduation from Benedictine College in Atchison, where she received Bachelor of Arts degrees in Accounting and Business Administration with an emphasis in Finance and a minor in Spanish. In 2002, she joined Exchange full-time as Bank Accountant. Subsequent roles led to her promotion to Vice President and Controller in 2007. Primary duties for which Lora is responsible include assisting the Chief Financial Officer in maintaining and analyzing the general ledger, reviewing accounting procedures and internal controls, and preparing various reports for both management personnel and regulatory agencies. She also oversees a variety of functions related to the Bank’s bookkeeping, proof, accounts payable and trust departments. In addition to her professional activities, Lora is involved in numerous community- and church-related committees and events both in Atchison and in Nortonville, Kansas, where she has resided her entire life.
